About Chico State

Rarely does one find a single setting which combines the best of location, tradition, opportunity and people. Chico State is one of those special places. Despite an enrollment of about 15,000 students, Chico State strikes a balance between the warm, social atmosphere of a small campus and the educational and cultural opportunities of a large school.

Chico is located 90 north of Sacramento, eight miles from the Sacramento River, and two miles from the foothills of the Sierra Nevada. Several creeks flow through the community, including Big Chico Creek, which winds through a canopy of trees across the Chico State campus and downtown Chico. The campus was declared an arboretum in 1982, an indication of the desire to preserve and enhance its natural beauty.

The atmosphere on the Chico State campus is determined in part by its rural setting. The general openness and friendliness found in the campus community sometimes surprises those more familiar with larger, more urban campuses. This openness extends to academic matters, where students find that their professors are accessible to them, that instructors are willing to spend time with them on an individual basis, and that Chico State is a place where teaching and learning really matter.

Parking Information

As with many universities, parking at Chico State can sometimes be a challenging experience. On campus construction has further limited parking opportunities. Parking passes are not required for visiting teams traveling by van parking in the Nettleton lot on the day of a game. University Police is made aware ahead of time when intercollegiate contests are scheduled and do not issue citations during that time.

Parking for visiting teams, officials and fans is limited to spaces marked with the letter "G". Anyone parking in spaces designated as Reserved, Special Permit Required, or spaces reserved for people with disabilities, will be cited by University Police. ***The Department of Athletics assumes no responsibility for visitors parking in undesignated areas.***

Parking is available in the lot north of Acker Gym near Nettleton Stadium. If parking is unavailable in that lot, overflow parking can be accommodated at the lot on 3rd St. and Orange. Please be aware that there are three rows of parking designated year round for dorm residents in the Nettleton lot. People parking in those "B" slots will be ticketed by University Police. ***The Department of Athletics has no control over parking at Chico State and cannot "take care" of parking violations incurred by visiting teams, officials, or fans.***

TRAVELING USING A BUS

The rules for parking a bus on campus have once again changed. Please be aware of these changes and ***please pass this information along to your bus driver.***

Parking Rules for Teams Traveling by Bus

1. Team busses may now park in one of the two designated bus parking spaces on the northwest side of University Stadium on the access road. This is the **ONLY** location that busses may park in the area. Busses **ARE NOT** allowed to park in the main Nettleton Stadium lot. Your cooperation is appreciated.
2. If the two designated bus spots are full, busses may park at the following locations:
 - a) The hotel at which the team is staying;
 - b) Chico Mall off 20th Street near Logan's Restaurant;
 - c) Wal-Mart, in the outer areas near Forest Ave.
 - d) 20th Street park at the north end of the parking lot.

The Department of Athletics has no control over parking at Chico State and cannot "take care" of parking violations incurred by visiting teams, officials, or fans.
